Molecular Pathology

Selected Highlights from "The IX Molecular Cytopathology Meeting"

[READ MORE](#)

It's a great honour and pleasure to meet you in Naples for the XII Edition of the Molecular Cytopathology Congress on the 11th and the 12th of December!

Our International Congress, focusing on the modern molecular cytopathology, will bring together experts from around the world to provide an integrated multidisciplinary approach.

In this rapidly evolving era of molecular cytopathology, modern cytopathologists and molecular biologists play together a key role in bridging the gap between conventional microscopy and novel molecular technologies.

The XII Edition of Molecular Cytopathology Congress will provide a perspective on the evolution of

molecular pathology in the field of cytopathology with updates on cytological and molecular issues.

THE MEETING DIRECTOR:

Prof. Giancarlo Troncone

A handwritten signature in black ink, reading "Giancarlo Troncone". The signature is written in a cursive style with a large initial 'G'.

PROGRAM

Program according to CET (Central European Time)

Pacific Time (PT): Los Angeles **-9 hrs**

Central Time (CT): Chicago **-7 hrs**

Eastern Time (ET): New York **-6 hrs**

11TH DECEMBER 2023

WELCOME

9:00 *Welcome Message*

Ales Ryska, President of the European Society of Pathology (ESP)

Filippo Fraggetta, President of the Italian Society of Pathology and Cytopathology (SIAPEC)

Giancarlo Troncone, Head of the Department of Public Health, University of Naples Federico II

Maria Triassi, President of Federico II School of Medicine

9:30 Introduction to the meeting

Giancarlo Troncone, Sinchita Roy-Chowdhuri, Maria D. Lozano

SESSION I

SESSION II

SESSION III

12TH DECEMBER 2023

SESSION IV

SESSION V

SESSION VI

SESSION VII

17:30 – 18:00 Closing remarks

Giancarlo Troncone, S. Roy Chowdhuri, MD Lozano
